

1

### Lay Frame Down

Lay the frame flat on the floor.

2

### Attach Lights

Slide the LED lights onto the brackets on top of the frame.

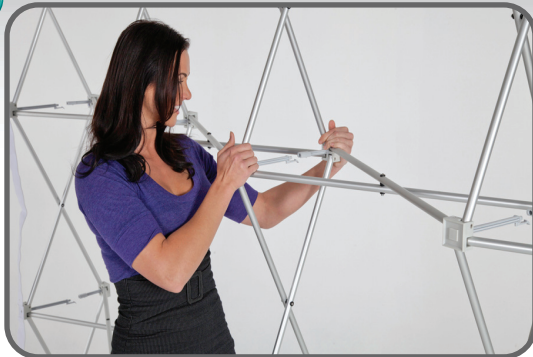

3

### Pop Up

Pull the frame from the center into an erect position.

4

### Spacer Bars

Snap the spacer bars into place.

5

### Secure Graphic

Pull the fabric graphic tightly around all corners and fasten.

6

### Ready for Action

Your EasyFabric Display is now ready.

## Disassembling

### 1. Unfasten Graphic

by removing the Velcro on each side.

### 3. Fold Frame

and allow it to collapse with the graphic attached, centering the graphic so it falls evenly between the frame.

### 2. Unlock Spacer Bars

in the center of the frame.

### 4. Remove Lights

## Repacking the Display

### 1. Pack the Frame back into the Carrying Case

### 3. Secure and Store

### 2. Pack the Lights
